TOWN AND

Local News.

S. Barker is spending a few days
with friends in Edmonton.

Jas Hephner is visiting with
friends in Calgary.

Mr and Mrs J. H. Galtbraith left
for their home in Pincher Creek
on Monday.

John Pritchard, M.P. and Mrs
Pritchard, of Harrison, Ontario,
are visiting with the former's sister,
Mrs Geo. E. Barker.

W. E. Turner had a load of
newly threshed wheat brought to
town on Monday. Is this the first
for the season?

Mary Fink, little daughter of
Mr and Mrs Ben Fink, is at present
in the Lacombe hospital, having
undergone an operation for
appendicitis.

C. W. Segerstrom has a fine
sample of ripe tomatoes, grown on
the broad acres behind his office.
Corn has become an Alberta crop,
and with careful attention the to-
matoes is taking its place. How con-
ditions are changing.

G. H. Steele, who has been on a
lengthy visit to his brother, Wm
L., left the other day for his home
in Exeter, Nebraska. Mr Steele
considers this the very best coun-
try under the sun, and hopes to
come again.

Thos. Currah, of Goehner, Neb.,
is in our midst, looking after his
interests. He has a half section of
land in the Hazel Hill district, and
of course is delighted with his
prospects, and will have a fine yield
from his ninety acres of wheat.

Farmers in the Central West,
urged by the heavy frost, and, in
some sections, snow and ice, in the
last few days, are beginning to
house all crops still standing in the
fields. Tobacco growers of
Wisconsin have suffered a loss in
one county alone of \$300,000. It
was estimated They should all
come to Alberta.

Quite a number were out duck
hunting on the 15th. Only fair
sport was had, and that on sloughs
and lakes. For some reason there
are few birds in the grain fields,
and of course the northern birds
have not yet put in an appearance.

Thanksgiving Day will fall on
Monday, November 12. The law
provides that Thanksgiving Day
will be on the Monday of the week
in which Armistice Day falls.
Sunday, the 11th of November be-
ing Armistice Day, the following
day will be Thanksgiving Day,
both days being celebrated in one.

A party of seven Nebraska
farmers have been here for about a
couple of weeks. They left for
home on Monday, taking along
samples of grain and grasses to
show what can be grown here.
They let us understand that there
will be a large immigration here,
and that the farmers will be in
the course of a week or two.
High priced land is being thrown
up, and with heavy taxes there is
no room for the farmer with limited
means.

This has been a season for the

heavy that the larger sticks had to
be discarded when possible.

just about time to give attention to

it is time to lift the potatoes.

Ask For Preservation Of Canadian Autonomy

Daughters of Canada Forward Letter To President

Toronto.—The Daughters of Canada at a special meeting endorsed the sending of a letter to the President of the United States, asking for the preservation of Canadian autonomy.

The Daughters of Canada organized in 1919, after the coming of the Imperial conference, the most important of which was the Imperial Conference in London, 1926, which Canada will go forward to complete, national, or back to colonial status.

"Although there is no announced agenda of the conference we believe that the assistance of the Imperial Conference in Imperial ways will be the chief topic for discussion."

"We submit that Canada has given more than enough assistance in ways which she has not put in making Canada require her people at home for the development of her great resources."

Norman K. Linton, Editor and Proprietor of the *Canadian Press*, said that he was a resident of the West for 23 years, and is a son of W. F. Linton, a veteran newspaperman who was the founder of the *Montreal Free Press*.

Indians Celebrate Opening Banff-Windermere Road

1. Indians, fully equipped, await the judges' pleasure. 2. Lieutenant Governor Nichol smokes the pipe of peace to the delight of the chief members of the tribe. 3. Car-Na-Si-Si and the Indian chief.

THE Indians, though reticent and uncommunicative, never made to show his appreciation of the fact that the pale face is a friend, a brother to him. More often than not, he takes advantage of the opportunity to show his appreciation and goodwill in simple ceremonies which honor the white man by receiving upon him the name of one of their own, and a man in their family and council circle.

The opening of the Banff-Windermere Motor Highway on June 2nd required the gathering of a large number of Kootenay Indians from various reserves, at Banff, B.C. Here they entertained and were entertained by a host of visitors to the district who, having attended the opening ceremony, were again induced to the glory of the country to stay for a few days. On this occasion the Kootenay's honored Lieutenant Governor W. C. Nichol of B.C., who had officiated with Lieutenant Governor Best of Alberta, at the opening.

by making him an honorary child of their tribe. Robert Randolph Brown, a leader in Windermere and development was also asked to enter the circle, and after the smoking of the ceremonial pipe and listening to the songs of the Kootenay, was draped in the mantle of peace, hand-drawn and hand-colored, and accepted into the tribe as full citizen, being given the name of Car-Na-Si-Si, which means "Red Sky", after a famous small child of the tribe who has long since passed away. Mr. Brown expressed his pleasure in a large gift of tobacco and a gift of a one-hundred dollar bank note for the celebration.

The being over the sports were rounded and prize, best continued square, the best equipped Indian on best travels and persons in busy town, and for their demonstrated skill in athletic sports.
